

# WORKSHOP IMPLEMENTING ACCESSORY DWELLING UNITS IN THE SAN JOAQUIN VALLEY

San Joaquin Valley Regional Early Action Planning Program  
Housing Workshop Series

**TUESDAY, OCTOBER 18, 2022**  
**1:00 PM TO 2:00 PM**  
**VIRTUAL - ZOOM (FREE)**

AICP CM Credits Pending

**REGISTER HERE:**  
<https://tinyurl.com/ADUwebinar>

## About the Workshop

A free Virtual Workshop to learn about implementing accessory dwelling units (ADUs) in the San Joaquin Valley. The workshop will serve as a “Part 2” to the [SJV REAP Housing Workshop: ADUs in the San Joaquin Valley](#) that was held in August 2021. The workshop will cover practical tips to implementing ADUs in your jurisdiction and will introduce a suite of tools created specifically for Valley communities through the SJV REAP Valley wide ADU Program including ADU ordinance template, standard ADU plans and elevations, and informational handouts and guides. The workshop will also introduce a new opportunity for technical assistance to customize the suite of tools for your jurisdiction.

## Speakers

**Bonique Emerson, MAUP, AICP**  
*Precision Civil Engineering, Inc.*

**Jenna Chilingerian, MCRP, AICP**  
*Precision Civil Engineering, Inc.*

## Learning Objectives

-  To understand the basics of ADUs and the many resources available through the SJV REAP Valley wide ADU Program.
-  To comprehend how state-level ADU reform influences local ADU law, specifically for ADUs within single-family residential zones.
-  To identify barriers to ADU development and recognize the role that jurisdictions can play in finding solutions to those barriers.
-  To discover practical tools and approaches to implementing ADUs.
